

PALAKURU SAI

Python Developer | Data Analysis | SQL | Automation | ECE Graduate

saipalakuru02@gmail.com | [+91-7093914114](tel:+91-7093914114) | Tirupati, AP, India

LinkedIn: <https://www.linkedin.com/in/contactpsai/> | GitHub: github.com/palakurusai | Portfolio: [link](#)

PROFESSIONAL SUMMARY

ECE graduate with hands-on experience building Python tools, data pipelines, and computer vision systems. Skilled in Python, SQL, Pandas and matplotlib. Developed a Marine Debris Detection system using YOLOv8 and a full-stack Personal Finance Dashboard. PCEP-30-02 certified. Seeking SDE, Python Developer, or Data Analyst roles — full-time or internship, remote or on-site across India.

TECHNICAL SKILLS

Languages : Python, JavaScript, HTML5, CSS3, SQL

Frameworks/Libs : NumPy, Pandas, Matplotlib

CS Fundamentals : OOP, Data Structures & Algorithms, OS, Computer Networks

Tools/Databases : Git, GitHub, VS Code, Excel, MySQL

PROJECTS

Marine Debris Detection Using Side Scan Sonar

Tech: Python · YOLOv8 · OpenCV · Pandas · Matplotlib | GitHub: [link](#)

- Built an object detection system to identify marine debris in Side Scan Sonar images using YOLOv8.
- Preprocessed sonar datasets with image enhancement techniques to reduce noise and improve visibility.
- Trained and evaluated the model on domain-specific data, achieving measurable detection accuracy.

Personal Finance Dashboard

Tech: Python · HTML · CSS · JavaScript · Git | GitHub: [link](#)

- Developed a full-stack web app to track income, expenses, savings, and financial trends.
- Built interactive visualizations and data processing pipelines; designed a responsive UI.

EXPERIENCE & INTERNSHIPS

Virtual Python Developer Intern — Prowork Foundation

2024

- Built Python applications including a weather app, data analysis dashboard, and automation scripts.
- Strengthened programming fundamentals and problem-solving in a professional virtual environment.

Competitive Programming & Advanced Algorithmic Techniques

May – Jul 2025

- Solved complex DSA problems under time constraints, improving logic and coding speed.
- Strengthened understanding of data structures, algorithms, recursion, dynamic programming, and graph-based problem-solving techniques.

EDUCATION

B.Tech — Electronics & Communication Engineering

2022 – 2026

SVCE, Tirupati | Score/CGPA: CGPA: 7.79

Intermediate (MPC)

2020 – 2022

Narayana Junior College | Score/CGPA: 7.45

SSC

2019 – 2020

Narayana EM School | Score/CGPA: 10.0 / 10.0

CERTIFICATIONS

- PCEP-30-02 — Certified Entry-Level Python Programmer (Python Institute)
- Python Essential Training — LinkedIn Learning
- SQL (Intermediate) & Python (Basic) — HackerRank
- Competitive Programming & Advanced Algorithmic Techniques — Six Phrase
